SIR,

I have the honor to state that at present the Addenda and Corrigenda to the Mysore service Regulations are issued from this office after they are approved by Government in the Financial Branch. This involves delay and duplication of work here as detailed below:-

In many cases, the proposal to introduce additions and changes in the Mysore Service Regulations eminates in the first instance from this office and a communication is addressed to Government. Government communicate their decisions to this office in the form of an order. The draft Addenda and Corrigenda are then prepared by this office and submitted to Government for approval. The Government in the Financial Branch approve of the drafts and communicate their approval to this office. After all this correspondence backwards and forwards, the press copies of the Addenda and Corrigenda are prepared in this office and sent to the Press.

To avoid this duplication of work and consequent delay
